Continual Communion

A Continual Burning Sacrifice. His Will be done, and Grace to agree and stay cooperating with it, like it or not. Surrendering and committing to the understood Will, or mission, of God for you, comfortable, convenient, or seemingly valuable and successful, or not.

Rom. 12. We are blessed with remission of sin, and with reception and continual realization of 'His Love that passes knowledge' for ourselves, Him, and all others, Eph.3:19.

A Family relationship and friendship.

Word Study

Any revelation on the word "intent" ? [Click here to share with us.](#)

The Holy Spirit was revealing the spirit or generational root and the motives of your heart last month. Especially in the areas of any dis-respect, selfishness, and hatred. Only His Great Grace can deposit **Histrue respect** for God, Him In ourselves, and then in other people, and also **His un-selfishness**, and **His True Type of Love-GoodWill**. He will teach you to watch for what He is doing and share it somehow. Maybe at work, with family, a friend, at church, at the store, write an article for a magazine, or send an e-mail to us.

"Remission" is the word this month. As in the Communion scripture today.

Interesting how Dr.s refer to some fatal diseases as treated cancers and leukemia as going into "remission". God is the God of second chance to take up anew the "mission" one was sent here to be and do for the Kingdom and Glory of God. To come into new agreement with His Will - choices- for you and your life here on earth. Or to "renew" the lost or forgotten agreement you once had. Notice the word "mission" within remission. We are all sent here with a "mission". We have a place and purpose intended in the Body of Christ. Seek and you shall find is the promise to realize this. This is why I love 'seekers' even if at times they are in left field, they are moving and seeking and will 'find' eventually. I've been in many a left field and the Holy Spirit, Our Friend always guides me into the center path of His Will again. I am confident that He will do more of the same for others by Grace.

"Re" always means 'again' or send 'back'. Rom.3:25 says that "remission" by Faith in the Blood of Jesus passes sin over that were committed all the way back to Adam and that we are to be thankful for that and the 'forbearance' of Our Heavenly Father. Sin sent back in 'Remission' by initially believing in Jesus and His Complete Sacrifice; by water baptism as John the Baptist exemplified; by receiving the Gift of the outpouring of the Holy Spirit; and/ or in receiving Communion -sends back sin and brings this fact to your remembrance and reminds you Jesus has you 'covered', always. Whew, what a comfort that is. My, how He Loves us beyond what He knows about us intimately. It is easy to say sincerely, " God is Good and His Mercy endures forever." When the sin is in remission and we know it, then we are free to 'realize' how much He Loves us to our very core.

There are many types of sin to **receive remission** for , but here and now for this letter I believe He is showing us "trespasses" which is such a common sin we are used to it and can easily overlook it. The sin is enforcing your 'will' upon others, or allowing another to enforce their personal will upon you. Intruding self-will into the sphere of God's Authority between Him and an individual. Enforcing your own will or your choices. Especially when you think you know better. Even though you may be right, you have not the right to do this. In many ways it can be done without your awareness until the Holy Spirit shows you. He will pinpoint it for you if you ask Him. Take your time and relax, He loves you. Maybe you are not even doing this at this time. His Love covers a multitude of sin. When and if He reveals this area needing maturity, you will remember how to respond. Yield your choices and actions to Him.

Self-righteousness, control, anger, are some examples how you can be crossing the personal boundary of free will to enforce your choices into another life. This goes into the Transgression Box of the Cross and the resulting " wounds" you caused in another life as well as your own by these un-Christ-like actions. This is why we include and put into the

Cross as we pray, the ones we have hurt and the ones who hurt us. Trusting in Grace really is sufficient, and extended Love from God really does win for His Will to be done in earthen vessels as in Heaven. It can be hard on us to let our loved ones learn hard lessons from choices, but they too need to grow up into full stature In Christ. They can hear from the Holy Spirit and receive maturity for themselves.

Whining, manipulation, pouting, withholding love or words, hardness of heart...these un Christ-like re-actions goes into the Iniquity Box of the Cross and the "bruises" you have caused yourself by these re- actions will go into remission. Forgive and Love again. Ask the Holy Spirit for His Forgiveness and Love since yours has hit its limitations. The more opportunities to receive and extend divine Forgiveness and Love the more Grace will be released in your life, prayers, and in the lives you pray for. Health will spring forth. "Remission" will take place and new "missions" or "re-missions" will spring up in you and those around you.

"As for me and my house, we will serve the Lord," as Joshua said.

God's Will be done in earth as it is in Heaven. In these human earthen vessels, and literally on this earth planet. " Light Be! In your understanding today, in Jesus Name, Amen."

If the Lord triggers an interest in additional meanings of the word 'remission', search them out too! Such as Acts 2:38, and Acts 10:43-46, and the Better Covenant Heb.10:8-18. This is only to "jumpstart" you in Revelation from the Holy Spirit to you **personally**, one on one. Face to face, as God said to Job. He can show everyone a general meaning, but then He can and will if you seek Him, give you a specific and deeper meaning to your own personal life of which only you and He are privy to knowing of. We are the Body of Christ, but also we are each an individual, precious person to Him, and He counsels us accordingly. Then what He does with each of us affects the entire group of the Body of Christ for the Good - if we offer what we have received (new comfort, truth into our old belief system, healing, deliverance, attitudes, joy, peace, etc) up in prayer to the whole Body. Whosoever will receive can then, all around the world. He can as easily take the release in prayer around the world as He can to someone next door to you.

The earth is His footstool, Heb. 10:8-18.

This is an important realization for each of us to receive. You catch it too. I went to the space movie in the Alabama Space Center years ago. It was a revelation of just this to me - the earth is Jesus' footstool! I wanted to see the movie again, it was so beautiful. They showed film of what the earth looks like from on the moon. Like a huge beautiful marble I had as a kid. Vibrant colors.

It was healing just to see it. Looking from the outer parts of space towards the earth, it seems small. But looking from on the surface where we live out into sky and space, the earth seems so huge. His Name is over ALL of this. Like a footstool, Earth really is only a small part of His Universe.

We need Jesus' perception and viewpoint here. Our viewpoint is inverted like this in so many ways. One small visual lesson like this can make your Faith In Christ take a great leap and stretch out around the whole earth which includes all the Body of Christ and humanity. There will be results from this type Prayer.

Angel of Hope

The unveiling of the Angel of Hope at the first service for families who have lost a child was Dec.6. The bronze Angel of Hope idea comes from

the Christmas Box story. There are Angels in many cities of the US now. It was a beautiful evening outdoor service with music, candles, and white roses to lay at the foot of the Angel. Many families were in attendance. Our son Elijah and Nathan were with us. A lady who lost triplets started this foundation in LaGrange and collected donations. It has taken her two years. It was many thousands of dollars to have this statue. We are thankful and proud to be a part of this. Also, she sold bricks with the child's name on it. It is located in front of the Hospice with a garden and brick walkway around it.

If you are in the 100 mile range of LaGrange and have lost a child, or know of someone who has, contact Kathy Reyes or Leigh Taylor, by writing Project Angel of Hope, P.O. Box 2853, La Grange, GA., 30241.

If you would like to start an Angel of Hope foundation in your area and be a Blessing to others who have lost a child, as Kathy Reyes has to all of us, contact her at the above PO Box.

Eagle News

I speak of the eagles flying over the river here and what an encouragement and delight they are to see. What is happening in the natural corresponds with what is happening in the spirit. Here is a Dec. 05 news article.

"WRD biologists documented 82 nesting pairs of bald eagles in the state of GA. during the 2004-2005 nesting season, with 61 nests fledging 94 eagles. Over the past 25 years, the state's bald eagle population has steadily increased, though one fewer nest was found this year. Bald eagles are considered endangered in GA., and are on the federal list of threatened species. To learn more bald eagles in GA., visit www.georgiawildlife.com "
